thorities in writing. - As she cannot write, she must ask her friend Mrs King to act for her. When she receives an answer, she can come & let us know.

Widow Emma Wicks 15 Derbyshire St. re A.D.L. for self. - Granted. - Also wished me to alter Rupture Letter issued to her 19th Nov. 1890. Have kept it for Rector's inspection & advice, & will let her know the result.

Her sister Miss Annie Cooling, same address, was taken ill while working for her sister Mrs Willoughby on Saturday 26th Dec. 1891. On Sunday 27th Dec. they sent for Mr Loveridge whom they had known in former years, having lived in his district for over 30 years. - On Monday 28th he saw his District Visitor. I am not sure if she did not also see her on the Sunday. - Mr Loveridge also saw Cooling on Tuesday or Wednesday morning at 7 a.m., & was sent for on New Year's Day, & remained until the woman Cooling died at 9.30 a.m. ↔ On Monday 28th Dec. Widow Emma Wicks stopped me in the B. G. Rd, & asked me to visit her sister, which I did on leaving the Church. - I repeated the visit on Tuesday, & on Wednesday I gave Widow Wicks an A.D.L. for her sister, also two one shilling tickets (a grocery on Lees; & a Coal on the Tyne Main Co.). - In the afternoon I visited Cooling; & repeated the visit at 8.30 p.m. As there was some difficulty about the Coal Ticket, I left a shilling for immediate purposes. - Saw Cooling again on Thursday. - When I called on New Year's Day she had passed away. - Asked Widow Wicks to-day if she or

her sisters had informed Mr Loveridge that I was visiting Cooling. - She replied that she did not think that Mr Loveridge knew of my visits. - She asked her sister Widow Gray to tell him, but the lady omitted to do so. Widow Wicks asked me if I could give her a pair of boots, or assist towards the procuring of them. Told her we could not help her in this way. The funeral is to take place next Monday.

On Monday 4th Jan.y 1892 we received an intimation that Mrs Bryor 30 Orange St. required the services of a clergyman. - The Revd Draper of St Paul's visited her on Sunday 3rd Jan.y; & called at the Rectory on Monday to report the case to the Rector. - On his way home he called on Mrs Bryor again. - I called the same day about 5 minutes after he had left Bryor, & found her in great agony. - As he had just finished his spiritual visit, I only made a few inquiries of her & her husband. On Tuesday I found her easier, & administered spiritual consolation. - The husband is a chairmaker, & does inferior work. - He has been married to his present wife over 20 yrs & has had no family by her. - She has been treated for her complaint in the B. G. Infirmary, & lay also in the Lon. Hosp. for 9 weeks. After lying so long there, she was asked to rise on a Friday or Saturday, & received her discharge on the Sunday - She has had this complaint (whatever it may be) for two years. Her present physician (who only charges her 1/ per week) is doing her good.

He says her case will be a long one. - Mr Bryor asked for a Letter for the German Hosp. - As we have none of these letters, I recommended him to apply to the C. O. S., & should his wife require nourishment &c., he must ask that Society to assist him. - He is expecting daily to have work. - When I visited on Tuesday, he told me he paid 3/6 for his room, & was only five shillings in arrear. - Mr Draper gave the Rector to understand that Bryor only required spiritual consolation.

Husband is a basket repairer, & woman canes chairs. - If she has a hawker's licence, she can do & sell her own work, but she has not got the money. - Mr Dugarde the Minister

of the French Church is related to her father (cousinship), & lives at S. John's Wood.
To see Rector on Monday & Sent to C.U.S. though her husband does not like her to go there

Annie Tollow (single) 10 Wood St Church Row (aged 19 yrs) a French polisher, & attended our Church up to six months ago, but generally comes to Sun. Mr R. C. Gould, Ex-Ch. Warden came about a cheque for £64-9-7 which had not been duly filled in by the Rector. — The name, & figures, & date & signature all right; but the body of the cheque was left blank. — Mr Gould's son knowing the amount was correct, filled in the vacancy, but Mr Gould's Bank refused recognition as the cheque had been altered. — I have seen the cheque & agree with Mr Gould that nothing has been altered, but simply the words representing the figures inserted. — Mr Gould came to ask the nearest route to Phillimore Gdns; I told him, & then said he might save himself the journey & send it by post, or find out at the Rectory whether any of the family were going up to-day.

Monday 11th. Mrs Celia Sherman 49 Sale St. (See P. 166) reports that baby is better, & that her husband (a Dock Labourer) having poisoned his thumb with tea at the Warehouse is now unable to follow his occupation, so she would be glad of a little assistance. Sent to C.U.S.

were not worth taking. - Applied to Worship St. & got certain forms to fill in, which forms will be attended to & summons issued on payment of a florin. Has been to C.O.S. & they refused him. Wants assistance. - Referred him to R.C. - Does not want parish help as he would lose his vote. - Told him he had better look after number One, & leave politics alone.

"A shaggy, cute & hungry voter
Takes me for a Yarmouth bloater;
Requires me to feed a "Rad",
And throw good money after bad.
In accents sweet I bade him go,
And pocket my old-fashioned No."

Widow Eliza Wheeler 57 Hart's Lane (a one-armed woman, See P. 73) re assistance. Receives 2/6 per week from parish, & does nothing. Told her that if the Guardians knew she was begging, they would cut her off, & offer her the house.

Visited Mrs Collinson 19 Ramsay St. yesterday. - Found her in bed, but certainly not dying. - She is a Widow with four sons & four daughters, all married. The daughters at present have small families; the sons are not so fortunate in this respect, hence they can do less for their mother than the others. They did not ask for anything, but inquiry showed that they do not find it so easy to maintain their mother in sickness as in health. -

Widow Payne 5 Abbey St. is better, & her

son-in-law, Mr. Cabe hopes to have work next week.

Widow Sarah Cooper 6 Florida St. About 3 weeks ago on Thursday afternoon Annie was left alone in the Schoolroom while the other children

were at practice. - She ran out of school after remaining about half an hour. - Since then she has been put by herself in the back of the schoolroom near the cupboard, & for talking she has been put several times in the back passage. - Yesterday at the hour of Miss Birch's afternoon tea she was so teased, & was told to remain there until 5 p.m. The child ran home. - Just as Miss Birch was putting her in the passage, she received a slap with the hand on the back, a hard slap. - Decision pro tem. Annie is to remain at home until Mrs Cooper hears from the Rector. - Her married daughter Mrs Norris can see me in the afternoon.

Visited Mrs Bryor 30 Orange St. yesterday & found that the Revd Draper had called on Saturday to inquire if I had been there. It is a great pity Mr Draper cannot do what every Englishman ought to do - viz. mind his own business. - Prior to his informing the Rector, he had very kindly given the poor woman a bottle of calf's foot jelly. - This act hardly squares with his (alleged) statement that the parties required nothing. - The husband is doing some work, but January is not a good month in his line of business, chairmaking. - As the woman (who is slightly better) is constantly in bed, a little coal would be acceptable. - I think Miss Oldman might visit this case as I don't particularly care about being alone with a sick ~~ma~~ woman even for spiritual purposes. - Yesterday I brought up the landlady, Mrs Morgan, but she had a friend downstairs, & left as soon as she could slip away.

Thursday 21st. Last eve. I was informed by the Rev. S. Fischall that Mrs Katherine Gunston 5 Somerford St. had represented herself to him as a person well-known to me. - She took him for a visitor from the C.U.S. (whither I had sent her. See P. 168) as he wore a chimney pot, & a muffler concealing the clerical collar. He asked her why she had gone to S. Matthew instead of to S. Bartholomew. - She replied that nothing was done at S. B.'s for the poor; - then realising her "lapsus linguæ", she hastened

to explain that she did not like troubling S. Bartholomew. - The Curate now revealed himself, & told her moreover that the C.U.S. wd do nothing for her. - Then he left her to meditate on her lingual slips. - In the Index I have decorated her name with the Star of Infamy.

William Agombar 11 Gibraltar Walk re V.K. Letter for mother Jane. Granted.

Friday 22nd. Jessie Lord 102 Fitzroy St. punched in the back 5 times & had her head banged against the wall. Examined by Florence & Jane. The mark on the shoulder is indicative of a blow given with a closed fist. - The bump on the head is small, & may or may not have been given in the manner described by the child. This is the testimony of the Rectory servants who examined the child in their capacity as women. - When I charged Miss Birch with the offence, she denied the charge, & then in the presence of Mr Ockelford admitted that she struck the child on the back with her hand.

Monday 25th. Mrs McCabe 5 Abbey St. reports that C.U.S. won't do anything for her mother Widow Jane Payne. - As her mother has resided many years in the parish, I advised her to apply to the Relieving Officer for a weekly grant. Rector sent her a present of coal, bread & groceries.

Her daughter is now 19 years of age. - Wallace about 1880 married, & on the death of his wife, went back to his first love. - Problem - Why are the working-class in difficulties? - Ans.r. By reason of their drunkenness, profligacy, & susceptibility to agitation, + in short, their lack of every quality which makes up true manhood.

Thursday 3rd - Mr Ch. Warden Thirgood is seriously ill with influenza. Went to bed on Friday, & being nearly 70, the complaint has weakened his heart. - Saw his son last night, & said I sd. report to the Rector.

Tuesday 8th Elizabeth Miller 10 Wood St. re signing her petition to the Merchant Taylors' Company. (See P.185.) The petition shows that she has never married, though she has been good enough to add a unit to the population in the shape of a female child now 35 yrs of age. - Has lived in B. Green 9 months, & says she attends S. Matthias, (both Church & Mothers' Meeting) - Failed to see Mr Briggs, & Curate; but saw the Vicaress who sent on her on here on the ground that she did not live in the district. + Refused to sign her paper as I don't know anything good of her, don't like her appearance, the Form is incorrectly filled up; & does not limit the recommendation to the ecclesiastical districts. - Told her she might see Rector on Monday.

Monday 14th Mrs Caroline Yoné an Inmate of the French Hospital re assistance for sister Mrs Mary Ann Cooper 7 Clymon St. Her husband, Cooper, (aged 73) a weaver and paralysed; She is 78, & lame, (has to walk with a crutch. - Has a son & daughter. Each has 7 children. - Receives weekly from the son 2/; & from the daughter 1/6. - Also 1/ weekly from the French Church. - When able, Mrs Cooper used to attend the Friends' Hall, & was regarded by them as a member. The parish gave her a small allowance, but cut it off 12 months ago. - Told her to apply for her sister to the "Friends"; but she evidently thinks that the Parish Church ought to support people who have been 56 yrs in the parish, & struggled hard to pay their rent.

To call to-morrow for Rector's answer.

Came on the same errand on Monday 17 June 1889. See that Journal at Page 136.

Mrs Mary Gumley 42, Selby St. re assistance

Husband a basket-maker, & half-blind, with 4 children. — Sent to C.O.S.

Mrs Cooper Mrs Yoné should apply to the C.O.S. The Guardians must have good reason for refusing Relief — "The Parish Church" never helps any one. - The Rector has no funds but his own pocket & the Sacramental alms — the small amount of the last is given to the sick poor of the Church — "Parochial Charities" are exhausted for the present.

Tuesday 15th - William Chas Overy 9 Brady's Buildings, Hart's Lane to inquire if ~~the~~ Rector is willing to marry him a man divorced by reason of his wife's adultery with Bremner. The case was undefended. - The marriage took place on 4 Jany 1880 at S. Philip's, Stepney. Decree Nisi pronounced 12 Aug. 1891, & pronounced Absolute "within six months from the making thereof." Wedding to take place on Easter Sunday morning after Banns. - Told him the Rector will let him know his decision by Friday. Per Mrs Annes. - Man pleaded in forma pauperis, & paid £10.

Mrs Annie Hunt 26 Charlotte St. re signing L.M.L. - Has lived there since Sept. last, & used to live at 1 Code St. in the district of S. Matthias. - Used to attend Mr Briggs's Sunday School, & has had her Letters signed by Mr Briggs, but he is ~~so~~ ill, so the Curate sent her on here as he could not sign outside his own district. - Signed. If the Clergy were as particular re matrimony, the Bp. of London would have had no reason for introducing his Marriage Amendment Bill. Moral. - Work with a fee attached is to be sucked in from

every side; but work — the work of charity — is to begin & end at home.

Mrs Caroline Yoné of the French Hospice re Rector's Decision. — On hearing it, she said the C.O.S. had sent her here. — Very likely. She returned thanks & departed civilly.

Received a note per post last evg (5.35 p.m) from the Rev. John Draper informing me that he had been informed that Mrs Mitchell 6 Change St. was very ill. On proceeding to the house last evg. I saw the married daughter, & having informed her who I was, she said her mother (who had been ill) had no wish to see a clergyman; & being nearly convalescent, a visit then or at some future period would not be necessary. The fact she appeared more annoyed

than pleased at my call, & did not at all ~~appea~~ appreciate the good intentions of Mr Draper's neighbours. — Now it is quite evident that Mr Draper is an old woman, & fond of "old wives' fables". Moreover, he appears to think that it is part of his office to notify sick cases to his brethren. — His brethren might be inclined to ask "Who made thee a ruler & a judge over us?" — One would suppose his district was so thinly populated that he could only fill up his time by listening to what does not concern him. — This comes from tacking on the office of a spy to the duties of a gentleman. — A note was sent to Mr Draper by the Rector on Monday 21st inst.

Monday 21st. — Wedding at 11.30 a.m. Widow Ellen Lovett 41 Parks Lane re chance of getting C.O.S. to assist in purchasing a Singer's Tailoring Machine Price £8-10. — A friend has taught her the trouser work gratis, & she herself has paid 1/6 per week rent for the machine since the beginning of February. — She is now in arrears one week. Has two children (6 & 4 yrs.) Her usual trade is fancy trimming, — This is so slack that ~~she~~ her earnings are almost nil; so she has learned another trade, & hopes to make a better living. — I recommended her to lay her case before them.

Tuesday 22nd — " Nil

Wednesday 23rd — Louisa Britchford 17 Queen's Buildings, Gosset St. re A.D.L. for self. Granted.

Mrs Frances Emily Roke 223 Brick Lane re her daughter Martha's contemplated marriage on Easter Monday. The Banns are to be published next Sunday. — She is engaged to a young man who has always been known under the surname "Williams", but he was civilly registered by his father under the true surname "Hunt". — Shortly afterwards the father ~~took the~~ dropped the surname "Hunt", & took the surname "Williams", & called his son by the same surname. The young man vouchsafed the information, & answers to the name William though he is not baptised. — Mrs Roke evidently knows why the surname has been altered from "Hunt" to "Williams", & declines to discuss the reason as she does not consider it affects her daughter. — I could not press the matter, as Mrs Roke is "great with child". — The problem is — Are the Banns to be put up & published as "William Williams" or "William Hunt"? — As the young man is 25 yrs of age, he ought to be able to speak for himself. — It does not appear that the father altered his surname on any other authority than that of his own sweet will. — Mrs Roke is to call for an answer to-morrow at noon.

If the applicants gives any false information re marriage it is felony & he is liable to a severe penalty. He must enter the name of his parents as his but it is his look out. We must take his statement & not that of Mrs Roke. We cannot take her report & must his surnames should tell him he is liable for false information

Mrs Elizabeth Grove 58 Squirries St. re signing L.M.L. Signed.

Thursday 24th. Mrs Frances Emily Roke 223 Brick Lane. (See P. 196). — Told her that her daughter's young man must apply to the Parish Clerk for Rector's decision — She said she wd. see him this evg. & send him on. — As all her family have been married here, she wishes this marriage to take place in the old church.

~~Thursday 18th~~ ~~Nil.~~

Mrs Howe,
A woman from Barking asked Mr Ames (Secy.) to-day (Wednesday) to search the Marriage Register for the name of Howe. On discovering the entry it was found that the Clerk of those days had placed 1852 at the head of the entry, & in the first column 1851. – On the same day 5th Jany four other marriages were solemnized, & these were dated 1852. The woman wd not accept a Certificate as it wd. show both dates. I recommended her to apply to the Supt. Registrar, & see what the duplicate book showed. On Thursday I learned from Mr Ames that the same woman had applied at our Church about 12 months ago, & that her object in seeking a Certificate was to prove the legitimacy of her husband, & secure a share at the division of Mr Howe's assets. – Her husband was born in 1851. Our Register, notwithstanding the clerical error, shows that the marriage of his parents took place in 1852, which date would prove illegitimacy. – Some time ago her brother-in-law, (now dead) obtained a certificate of the marriage. – She showed it to Mr Ames on the first occasion, & he told her it had been tampered with. She admitted that her brother-in-law had changed the figure 1 into the figure 2. She wd. like to prove that her parents in-law had been married in 1851. I told her we sd. give her an exact copy, & endorse the Certificate to show that the difference in the dates was original, & not due to the person who made the extract. – She paid her shilling, & went away to search the duplicate.
