# **MLMSC      Midland Link Motor Sports Club      c1970-2006**

**Name of Creator:** Midland Link MSC

**Extent:** 32 boxes, 209 posters & other loose items

**Administrative/Biographical History:** Midland Link MSC was founded in 1974 and was one of the longest established MSC clubs in the United Kingdom. It catered for men over the age of 18 who had an interest in leather, uniforms, rubber, denim and fetish wear, and offered social support facilities to its members. The majority of its members lived in Birmingham and the surrounding areas, geographically in the centre of England.

The club was linked to similar interest clubs in the United Kingdom and across Europe, being an active member of the Fellowship of UK Clubs (FUKC) and the European Confederation of Motorcycle Clubs (ECMC) for many years. The Club also regularly visited an associated club, either in the UK or on the Continent.

Midland Link held regular club meetings on the first and third Sunday of each month in a Birmingham City Centre bar, and was for many years based at The Fountain Inn. It also organised numerous special events during the year. An Annual General Meeting of its members was held each year in January or February when the club's officers were elected and policy determined. Between annual meetings the club was managed by its Committee. The club published a quarterly magazine called Linkline as a means of circulating information and the views of members, and Linkline was also circulated to all clubs which belonged to the ECMC.

Another of the club's aims was to raise money for donations to charities and such donations were determined at the club's Annual General Meeting. It aimed to support leather-type events held locally by other gay groups and fostered closer relationships with other groups in the gay community. For example, the club played a founding role in organising Birmingham Gay Pride, which began in 1997, and a Club President, Mike Chamberlain, was Chairman of the Pride Committee in 1998. Unfortunately, due to declining membership, the Club was wound up in 2006.

**Custodial History:** Deposited with Bishopsgate Institute by Anders Clausager, 20 September 2016.
