

GIRES (Gender Information, Research and Education Society) ARCHIVE

(GIRES)

GIRES

GIRES Archive

1993-2022

Name of Creator: Gender Information, Education and Research Society (GIRES)

Extent: c50 Boxes and digital items

Administrative/Biographical History: The GIRES Archive is compiled from diverse materials collected by the charity since its inception, as well as outputs from the 'a Legacy of Kindness' (LoK) project.

The LoK project (2022-2024) documents and showcases the rich history of the UK transgender and gender diverse charity GIRES, the Gender Identity Research and Education Society

Thanks to money raised by National Lottery players, the project captured the voices of trans and gender diverse people and their supporters, uncovering the memories through generations of past, present and new members; trans activists and pioneers, who helped to establish the charity. GIRES was established in 1997 when Bernard Reed, OBE, and Terry Reed, OBE helped their transgender daughter win a landmark sex discrimination case. The charity has been instrumental in several positive changes to trans rights in the UK.

The depository was put together through months of collaborative effort and community research – by GIRES staff and team members, LoK project stakeholders community curators, and senior archivist.

'The materials provide an antidote to the fatigue we all experience from living with transphobia-induced tinnitus. The records not only save traces of the shifts in language that are indicative of the ever-evolving understanding we have of both of our trans selves and our trans bodies, they also hold a history of the perceptions broader society has of us: including the kindness shown by allies. They document a tireless– albeit tiring– collaborative effort to garner societal respect for trans people, via robust research that has informed confident campaigning. Underpinning every archived endeavour is an insistence upon fair and equal treatment for trans people living in the UK. Ultimately, this archive informs us of our community's leaders' and members' strategy for change, their determination and grit, the effort that's required to achieve the results hoped for and needed, and the stamina necessary to overcome the setbacks. Above all, they are records of resilience. They inspire courage, hope and ambition.' (E-J Scott, curator of Museum of Transology and Trans Pride founder, in an extract from the GIRES LoK Zine Introduction)

Custodial History: Deposited with Bishopsgate Institute by Bernard Reed and GIRES, January 2019.

Scope and Content: Digital and physical items, including publications, press clippings, photographs, audio and video recordings, administrative documents, legal documents, handwritten notes, education resources, publicity materials including posters, flyers, artwork, event photographs, press cuttings, marketing materials, and printed programmes, compiled or created by GIRES (1993-2022)

System of Arrangement:

The GIRES Archive is divided into the following seven series
GIRES/0: Papers regarding health issues around transgender people
GIRES/1: GIRES-AGM/Trustee Meetings/Website/TranzWiki
GIRES/2: Panels/Meetings/Partnerships
GIRES/3: Policy
GIRES/4: Projects – GIRES and Third Party
GIRES/5: Research
GIRES/6: Training

Language/scripts of material:

English

Access conditions:

OPEN

Copying conditions:

Photocopying, scanning and digital photography (without flash) is permitted for research purposes on completion of the Library's Copyright Declaration form and with respect to current UK copyright law.

Finding Aids:

Copy of handlist available in researcher's area.

Rules and Conventions:

Compiled in compliance with General International Standard Archival Description, ISAD(G), second edition, 2000; National Council on Archives Rules for the Construction of Personal, Place and Corporate Names, 1997.
