

Bishopsgate Institute Strategic Goals 2016 - 2021

Taken from the business plan itself, the condensed strategic goals are:

- To further develop and invest in our accredited **Special Collections Library**, encouraging and equipping people to access our archives and collections for academic or personal use
- To provide an affordable and high quality **learning and development programme** for the public which provides opportunities to live their lives to the full, developing their life skills and furthering their interests
- To provide an incubator environment to support **cultural practitioners and new work**, enabling people to hone their craft through workshops, productions and development opportunities
- To commission, produce and co-produce **high quality cultural content** which brings people together around a shared interest and offers the public a range of opportunities to both consume and produce culture
- To ensure a **successful and sustainable environment for the Institute** which honours the spirit in which it was created, protects its future and acts as a guardian for future generations
