Cricket. With reference to a suggestion from the Federation to amalgamate the Eastern Division with the West Ham Division, the first two clubs in the Division being eligible to compete in the Federation closing rounds towards the end of the season. -

It was decided to agree to this suggestion & to write to the secretary at Fairbairn House pointing out that we have all dates open after May 9th & leaving it to them to arrange Fracture list. not camp days

It was agreed to hold a general meeting of members interested in cricket at 9.0pm on Friday next.

Arrears of Subscriptions. Mr Wellesley called attention to the large number of members who were on the arrears list, & the necessity for some drastic measures to be taken to ensure that members paid their subscriptions regularly. Mr Swift suggested that no one in arrears should be allowed to visit camp. Mr Wellesley said that this had already appeared in Chen Wag. It was further suggested that the practice of sending final notices be abolished & that when a member became 8^d in arrears he should be struck off without further notice.

Mr Wellesley disagreed with this suggestion on the ground that members, especially during the summer months, got slack in the matter of subscriptions, as they did not use the club as much as during the winter, & in view of the rule that once a member was "struck off" it was impossible for him to become a member of either club again. The majority of the members in arrears were very young ~~men~~ & often in cases where the final notices had been sent the subscriptions had been paid. After further discussion it was unanimously agreed to fine all members whose names appeared on the arrears list & to continue the practice of sending "Final Notices". The fines to be as follows. 4^d or 5^d in arrears 2^d fine, 6^d & above 3^d fine.

Library. Mr Wellesley stated that the Librarians wished to know their position with regard to keeping order

amongst members in the library. ~~It~~^{He} It was decided to ~~to~~ recognise a Pearson Sharp & Witte as the official Librarians, & that they have the same authority as committeemen as far as the Library was concerned. This would relieve the club committeeman on duty of responsibility in the library. It was further decided that when the library was closed to members no one was to use it except the official Librarians.

The meeting closed with a hearty vote of thanks to the chairman for presiding

Rowdy behaviour It was decided to write the following members to attend committee meeting next week for the purpose of investigating complaints of rowdyism.

House Competition Harriers It was
decided to hold this competition on
Monday June 7th.

C Isaacs. Decided to cancel arrears of
subs during the time he was out of
work.

Club Closing Decided to close the
Club on Whit Monday.

Committee duties for ensuing week were
allotted.

G Howlett called attention to
the fact that on occasions, Committeemen
were not remaining "on duty" for the
evening, on which they were detailed. He
did not think this was good for
the club. The Chairman quite agreed &

urged the necessity for committeemen to remain in the club during their tour of duty.

Arrears of Subs The Chairman spoke about the increased numbers on the arrears lists. It was suggested that the subscriptions should be paid quarterly in advance. In the event of younger members being unable to pay the 1/- down it might be possible to allow them to pay by some system of instalments. Decided to defer consideration of these suggestions till next general meeting.

Hold up E Harvey volunteered to help in holding up on Wednesday next, & G Howlett & Edermanger on Friday next.

Bank. The Chairman asked the members of the Committee to make known that the Club Bank existed for all members of the club & not only for those who could afford to deposit sums of a shilling & upwards.

~~Subscription~~ Deposits of a penny could be made.

Climbing over railings in front of club premises. It was decided that this practice was to cease & that members should enter by the gate. The playing of games, kicking footballs about, etc., on the ground in front of the club was not allowed.

Cards The Chairman mentioned that some members were playing cards on Saturday last, other than whist. In view of the undertaking given by the Committeemen on 3rd Feb'y last to the effect that they would scrupulously refrain from playing any game at cards except WHIST, & would immediately report any other offenders, there was no other course left but to stop card playing in the club; after this week. for good & all.

G. S. Brown. The case of this member
 who had been struck off on 27th April
 last was considered. Brown appeared
 in the club a few days ago &
 was told he was no longer a
 member. He seemed surprised &
 stated that he had paid his
 subscription to G Fone (of the O Boys)
 to pay Mr Graves as he (Brown) was
 unable to attend the club much
 owing to his work & to living
 at Rotherhithe. Mr Graves did
 not remember receiving the subscription
 from Fone. Brown appeared
 before the committee & was most
 emphatic about having paid Fone

before the 27th April. He admitted
 that he had been late in paying
 his subscriptions but this was due to
 the fact that he had been unable
 to attend club. He was most
 desirous of remaining a member
 of the club & had no intention
 of lagging behind with his subscriptions.
 He was asked to withdraw while his
 case was considered by the committee.
 After considerable discussion, on
 the proposition of W Morris seconded
 by Pennicutt, it was unanimously
 decided to reinstate him on the
 ground that, as the committee
 believed he had forwarded his
 arrears of subscriptions prior to his
 being struck off the act of
 striking him off was an error.
The Chairman spoke about two
members of the committee having
recently been fined at the Police
court for rowdy behaviour. He
 knew that youth at times

was exuberant, but he reminded the members that their influence over the younger members of the club was considerable & that they were expected to be more or less an example to the juniors. He hoped they would look at it in that light & be most careful to avoid behaviour likely to bring the club & themselves into disrepute.

The meeting closed with a hearty vote of thanks to the chairman for presiding.

 Holton "that he be suspended for one
 month, but that this suspension
 should not operate against him
 in the matter of going to camp as
 this was his first appearance before
 the Committee." Carried unanimously
Playing cards on cricket ground. -

A Holton complained that some
 members were in the habit of
 playing cards on the cricket field
 during matches. The members concerned
 were Pettitt, Sibthorp, Jones,
 & Biggs. The Chairman
 suggested that they be warned
 to attend before the committee
 at the next meeting. Sibthorp
 proposed "that as the four
 members were in the club at
 the moment the case be dealt
 with now." This was agreed to

Jones had left the club but the other three members attended before the committee. They admitted playing cards on the occasions mentioned but thought they were doing no harm by playing on the cricket field. The Chairman observed that the cricket field was part of the club premises & playing cards in any part of the club (except organised whist) was forbidden. There was no actual charge of gambling proved - had there been so - expulsion from the club would have followed. The Committee unanimously decided to caution the offenders, & also to warn them about card playing when accompanying the team to other club's grounds, as such proceedings tended to get the club a bad name among

other clubs. It was decided to warn Jones to attend the next committee meeting.

House Competition Pettitt suggested that the House Competition be closed now for the season. Considerable discussion ensued concerning the House Competitions generally. The Chairman stated that in his opinion, the lack of "go" in the house rivalry was due to the Capt & vice Capt of Houses. Unless the capt of Houses would interest themselves in all sports - not merely one, that they happened to individually excel in, the members of the club generally, would not take any trouble to assist to make their house the "Cock" House of the Club. It was ~~decided~~ agreed that all present would do their utmost to make the House competitions a success during the coming year. It was decided

that the House Competition for the present year should be completed by the inter-House swimming, & that the Officers committee be asked to make arrangements for this. A motion to have

inter House Cricket matches was defeated by 8 votes to 5.

Bath G Howlett reported Rivers Edwards & Redfern for wasting water & generally misbehaving themselves in the Bath room. Decided to warn them to attend before the committee.

Gun Harvey suggested that the captured German gun should be removed from the front of the club as it was almost impossible to keep children away from it. No sooner were they sent away than they returned. Pennicutt suggested that railings should be put round the gun & the generally expressed opinion was that this was the better course. A hearty v-o-t to the Chairman for presiding closed the meeting.

The Chairman said there appeared to be a certain number of committee men absent. It was stated that Stone & Edmaniger were at the Rifle Range Holton on night work. Baker & Harvey on Club duty. Sibthorpe was reported to be in the Club, & Kemp had not attended a committee meeting for several weeks. Sibthorpe was sent for & came to the meeting, the Chairman informing him that it was expected that he would either do his duty as a committeeman or resign. It was decided to warn Kemp to attend the next Ctee meeting

Camp The question was raised by some members of the Committee regarding the invitation of members to Camp. It was pointed out both by the Chairman & Mr Weatherly that invitations to camp were made by Mr Wellesley & that the selection of persons invited was not in the power of this Committee. General Meeting

A General Meeting of members of the Club was held on Friday 24 Sept 20 at 8.45 pm.

Mr Wellesley in the chair, supported by Messrs Villiers, Wagg, Weatherby, Martin Smith, Lancelot Smith & Cooper.
about 180 members attended.

Minutes of the last general meeting were read approved & signed.

The Chairman stated that since the last General Meeting the War Memorial had been placed in position in the Hall. There were still about 10 names on

the list, about whom no particulars of Regiment or Ship served in could be obtained.

Mr Cadogan who had taken so much trouble to make the Memorial complete was most anxious to obtain the missing particulars, & the chairman appealed to all members to try & obtain this information. With regard to Camp some members were evidently unaware that invitations to Camp were a privilege & not a right. He took this ~~present~~ opportunity of informing them that only a limited number could attend & under no circumstances would slackers of any description be invited. This not only included slackers who put their names down for boxing, harriers, others football etc & then did not stick to it, but also to those whose general conduct in the club was unsatisfactory. The position of the club in the Nesborough Cup was at the moment - second. Three points behind Fairbairn. There was only the Senior bracket final

to be played & the swimming. He hoped that we should win the Cup this year - we had not won it before. It went to the Club which during the year proved itself the best in the Federation at all sports & indoor competitions etc. Fairbairn for instance scored 15 points to our 5 in the athletic sports at Stamford Bridge. As a rule 29 or 30 points won the Cup. The members could see by these figures how very necessary it was for each member to do his best, & stick to a thing once he started with it, until the Federation Competition was over.

As the Crickets final is being played at Lords tomorrow, it was desired to take the opinion of the meeting as to whether football should be played on that day or not. The voting resulted in 54 for football & 56 against it was decided therefore that no football would take place on that day.

Otters Federation matches

take place on Wednesday next. The winter was the best time to learn swimming - there were no deposits required for the winter & monthly prize handicaps were held. He could not conclude his remarks about the swimming without referring to the death of an old otter - Jimmy Gray who died in Mesopotamia last week. Jimmy had an unique record in Federation swimming as with the exception of one second place, he had won every swimming event in the Federation Competition. It was unanimously decided that a letter be written to his father & mother expressing the sympathy of the meeting with them in their bereavement.

The Athletic Society's subscription was 2/6 for 12 calendar months. The Athletic Society consisted of Harriers, Gymnasts & Boxers. Members of this society could obtain a complete gymnastic or Boxing outfit at less than cost price. Owing

to losses caused by members obtaining gear & then not paying for them it had been decided to issue the gear only after it had been paid for.

5 It was hoped to hold ~~one~~ three boxing shows during the year. There would be a meeting of those interested in boxing on Friday 1st Oct.

Mr Wagg - who was received with loud cheers - spoke of the Penny Bank. He stated that the deposits were approximately £2,800 almost exactly what they were six months ago. He was afraid that Mr Cooper let members take out their money too easily. He himself used to delight in making it most difficult for members to get money out but very easy for them to put it in. He hoped Mr Cooper would do likewise. He would point out to members seriously the advantages & necessity for thrift. It was practically certain that at some time or other we should have a "rainy day" & then we could fall back on what

we had saved. He instanced cases from the club where members had been able to start in business for themselves by the help of their savings in the penny bank. Interest was allowed on deposits at the rate of 5% per ann.

6 There were also a number of hospital & dental tickets available for the use of members of the club & he hoped that application for these would be made whenever necessary.

7 Mr Villiers - who was warmly received - spoke of the Harriers. They had a good & successful season last winter winning all their runs. At Stamford Bridge they were not so successful. He quoted the high jump competition as an object lesson to those who did not appreciate the necessity for thorough & strict training. In the high jump our representative was only beaten by an inch altho he was running & jumping from the

worst position. He had practically no training - if he had there was no doubt that he would have won this competition & it would have made us practically certain of the Nestborough Cup. He felt ^{sure} ~~certain~~ that we should have a most successful season if members would stick to it. He asked that 'jumpers' would practice now so that we should know on whom we had to rely at the next Federation Sports.

The Chairman asked Mr Wagg as the Donor of the Shield to present the House Shield to the winning House.

E. Pettitt as Capt & E. Hencher as vice Capt. received the shield on behalf of Blue House, amidst much applause. The Chairman announced that the House that was the winner next year would have a supper in the club.

Subscriptions. The present method of paying & collecting subscriptions was very difficult. The Committee had given considerable time & thought to

this matter since the last general meeting. The Committee recommended that commencing 1st October next the Club Subscription should be a shilling per quarter payable in advance. If, at the end of the first month of the quarter a member had not paid his subscription he should be written to, & if at the end of another fortnight his sub had not been paid he would be struck off.

10. Unemployed. No subscriptions were required from those out of work, but it was essential that they should see or notify the secretary in the Club on Tuesdays between 9.30 am & 3.0 pm, not only to ensure their subscription being paid up, but to enable the secretary to find work for them if possible.

Committee The importance of the position of Committeemen was emphasised. Not only were they responsible for the general running of the club, but they had to give up one night per

week to Committee meetings in addition to their nights on as "duty" Committee men. It was rather a thankless task. It was the duty of every member to assist them as much as possible.

The Librarians had a difficult job. It was impossible for them to issue books that had not been returned & it was most necessary for members who availed themselves of the Library to observe the rules, to enable the Librarians to do their part.

There would be a Chen Way concert on 23rd Oct. New contributors were wanted & he hoped that many boys who had not written for the Club magazine would try. They must not be discouraged if their first attempts were not accepted but should continue trying until they met with success.

Mr Cooper spoke of Cricket, Football, Chess & Draughts, Rifle Club etc.

He pointed out that especially in football it was necessary for members selected to turn out whether it was wet or fine.

The Club & the football committee had no use for fair weather footballers.

We had to hold the Junior & Senior Football Cups which we won last year & in addition try & win the London Minor Cup & head the Stoke Newington League. This could only be accomplished by members sticking to it. Slackers were worse than useless. He hoped there would be sufficient members interested in Rifle shooting to form a club so that in addition to the Federation Cup post matches could be arranged with other Clubs.

He hoped that members would come forward & try for other Federation Competitions such as Essay writing (a Cup we won during the year) Map drawing Serious & Comic recitations & the Reading competitions, all of which counted for the Nesborough

The Chairman then stated that the Hall was opened on Monday nights for the Gymnastic & Physical Drill classes, on Wednesdays for the Bosers, on Fridays for the Athletic society & on Saturdays when it was not required for Concerts etc, for all members of the Club.

Towels would be supplied on Wednesdays for the Bosers & on Fridays for the Harriers. Lockers would be let to members at the rate of 6^d per half year but no locker would be let to anyone on Athletic Subscription arrears list. There would be a disc & a key issued for each locker the disc to be kept by the member & the key on the board in the bar. When a member wanted his key he could obtain it by presenting his disc.

Keys were to be returned daily & not taken from the club. No valuables should be placed in lockers as the Club would not be responsible in any way for articles lost.

Bicycles are not to be placed in the club

but in the cycle shed.

Baths on Fridays the shower baths were for the use of Harriers, on Wednesdays for the Bosers, on Mondays for the Gym & P.T. classes & on Saturday for the footballers.

The large baths were only to be used on Tuesdays when members could bath & be supplied with a towel on payment of a penny.

Cards ~~had~~ It had been found impossible to allow Cards without some members gambling. So Cards in future would not be allowed in the Club except on those nights when organised Whist Drives were played.

The Chairman proceeded to give the following 'DON'TS' to the meeting

- Don't Deface the notices on the board either by tearing marking or leaning against them.
- Don't Climb the railings
- Don't Encourage the Fair Sex to wait in the vicinity of the Club
- Don't use Back doors of Club

Don't advise a friend who is over 16 to apply for membership of the Club. It's against the Rules.

Don't dance or sing choruses when the piano is being played in the games room.

Don't throw draughts etc about or damage billiard cues

Don't make the club dirty. A lot of trouble & expense is required to keep it clean for your comfort.

Don't forget that once a member is struck off he cannot again become a member of the club. Neither can he ever join the Old Boys.

The meeting then resolved itself into House meetings for the election of House representatives on the Ctee. The following were elected

	Red Ho	White	Blue	Green
Capt	Howlett	Tilson	Pettitt	Lester
Vice Capt	Smyke	Kingham	Morris	Cater
	Harvey	Lummingham	Penneutt	Redgewell
	Scarr	Slater	Gay	Turrell

The question of the eligibility of Pettitt

to become a member of the Ctee. on the grounds that he had recently retired from it for insufficient reason, was referred to the General Committee. The meeting closed with a hearty vote of thanks to the chairman for presiding
